

the Body Candle

BY ESTELINA'S

Enjoy this uniquely created candle designed to touch your senses with incredible aromatherapeutic scents such as Grapefruit & White Tea, Chocolate Fondue Dip, Coffee Madness, Pomegranate, and Pumpkin Spice to relax your mind, body, and soul. Presented in a gleaming, metallic, reusable container, simply follow these steps.

Step 1: Light the candle and enjoy its gentle fragrance while the wax softens.

Step 2: For an amazingly different spa treatment, blow out the flame and use a spatula to dip into the softened candle wax applying it directly to your client's skin.

Step 3: Massage for a cozy, warm, and comforting skin treatment.

Made with simple, natural ingredients including soy to hydrate and soothe the skin.
